Background information

This is one of the sponsored child in Manyatta ministry carepoint. Her name is Julia Oikwanda*. she is a single orphan who stays with the mother. she is 17 years of age and in grade 8. she did her final primary exams this year (2017) and she expects to join trade school after scoring 173 marks. She was born HIV positive. By the time she was taken into the program, her CD4 was very low and used to fall ill every now and then as a result poor adherence. Her mother was as well in the program of Care and Compass program.

Above child Julia after she had been in the program a year later. She been put on proper medication and adherence as well guidance and Counselling

On the left child Julia at the care-point expressing her gladness. She has improved in her health as a result of good adherence. She does well in her medication and she's now very healthy

Above is child Julia posing for a photo.

And the right picture shows her reading bible during CBL class
